Wilkins Farming Ltd Red Deer Genetics

2012 Elite Eastern Hinds for Private Treaty

Thank you for taking the time to consider our offering. We have specially selected animals for this private treaty, the majority of these have pedigrees and ancestry that have been successful or proven for breeding stags with wide clean heads that have huge structure that the Eastern deer are renowned for. This year we have put a high scoring multipointed English/German sire called Infinity across 7 of the Eastern hinds for sale which will be an exciting mix, see the attached sire sheet for details about this stag.

Conditions of Sale

1. Hinds offered by Private Treaty
2. Deer will be offered as catalogued, subject only to final draft
3. Terms are strictly cash unless prior arrangements have been made with Livestock companies or Wilkins Farming Ltd
4. Sales are GST Exclusive

Special Conditions:

No animals, embryos or semen sold by **Wilkins Farming Ltd** or their germplasm, any subsequent progeny or germplasm, including the semen and germplasm of that progeny may be supplied to any third party without the express written permission of **Wilkins Farming Ltd**.

This condition does not affect normal commercial deer farming or stud farming, or their normal sales of semen or embryos as it applies to entities with the primary function of commercial semen/germplasm activity.

Herd Health Status

Wilkins Farming Ltd have had a C10 Status for a number of years

Although every care has been taken in compiling this catalogue to ensure accuracy, no responsibility will be accepted for any errors that may be included therein.

Dear Mike

Re: **Trophy Stags**

The Stags I viewed on your farm are very impressive this year. Your breeding sires for trophy animals are some of the best I have seen in the country this season.

These are the type of trophy heads that my clients want to hunt - long, thick beams, and wide, big bodies. Unfortunately, it is difficult to find enough of this type of trophy in the country.

I hope you continue to breed them for us.

Best Regards

Unbelievable antlered Eastern sire for age, showing the fabulous cross of Heinrich over Maximilian. At 5yrs a remarkable 56" wide, 47" long, 37¼" span, 12.5k.g. H/A and 469 SCl. This sire has the potential to hit 50" x 60" plus easy. His first crop of sons showed the same wide and heavy characteristics.

At 8 years he continued to produce a head of antler, he is renowned for main beam length of 49 inches, circumference of 11 inch mid beam, 43.5 inch inside span and 63 inch outside span.

Current 12 mth BV +10.2 (under review)

HERD SIRE

The two heaviest antlered deer we have ever bred were Lot 1 and Lot 2 in the 2008 sale both East European with 10.4 and 11.25kg of antler and made \$28,000 and \$27,000 respectively. Remarkably however Stanfield kept their favourite named Vladimir son of Sergei by Maximilian daughter. 253kg liveweight and 7.3kg H/A stripped with a very heavy beam and with top BVs at +17.71. He is incredibly quiet and a wonderful asset to the herd.

42" long and 32" inside @ 4 yrs
Estimated 7+ kgs velvet@ 4 yrs which also reflects the thickness of beam in this antler.

Shown at 3 years • Eastern

HERD SIRE

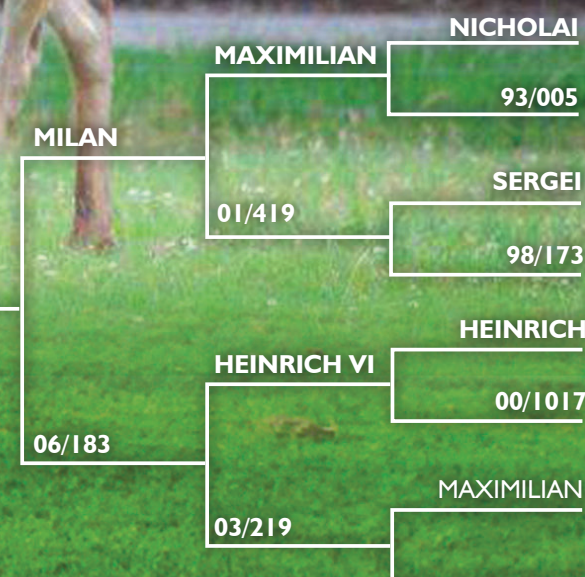

This stag was retained from the 2011 sale line up, to enable us to keep developing the antler structure the Eastern bloodline offers.

His head being very wide with good length plus he has very good body weights and gives us another mating option being a Milan son. He was used across a selection of hinds in 2011 and his first sons will be on the ground now.

2011 as you can see above, he has grown a very impressive multi-point wide head, 35 inch inside span.

12 Month EBV 13.17. Estimated loin weight 3.45.
