

# KENNEDY

Shown at 2 years  
Maternal - Composite

Velvet at 6 years

Sire - Nixon

**Kennedy is an incredibly quiet, big bodied stag with impressive velvet credentials and trophy credentials.**

He is sired by Nixon out of a Madison hind. Bred by Todd Crowley at Crowley Deer and affectionately referred to as "Horse", this stag was a standout from day one in their eyes.

Kennedy has a huge body, 280 kg at 3 years of age on sale day combined with an outstanding head of antler as indicated below 16.7 kg!

This stag contains an exciting mix of genetics and we are eagerly awaiting what he will deliver to our herd in time.
