Velvet at 6 years

Sire - Nixon

Kennedy is an incredibly quiet, big bodied stag with impressive velvet credentials and trophy credentials.

He is sired by Nixon out of a Madison hind. Bred by Todd Crowley at Crowley Deer and affectionately referred to as "Horse", this stag was a standout from day one in their eyes.

Kennedy has a huge body, 280 kg at 3 years of age on sale day combined with an outstanding head of antler as indicated below 16.7 kg!

This stag contains an exciting mix of genetics as we witness in the progeny coming through with good body's and velvet.
