Churchill – a pure English sire whose growth rate is exceptional.

He was sired by Dartagnion, out of an Andrew III hind. Pure English, Warnham bloodlines. He was a massive English stag, with the largest 15 and 18 month live weights Stanfield have produced for this type.

As indicated below, as at October 2020, Churchill's W12eBV was +17.7, with an accuracy of 99% and 567 recorded progeny. We are very pleased that Churchill is ranked No. 1 for W12eBV, and has been for 8 years (English sire summaries DEERSelect)

A key member of our stag team through AI, Churchill's reliability delivers progeny with exceptional growth rates and consistent velvet credentials.
