

MORTLACH

Shown at 5 years
European

Shown at 3 years

Mortlach is an exciting European stag with strong venison credentials.

This stag is sired by Lochinvar out of a Gemini hind, and was purchased by Wilkins Farming Co in 2019 to introduce new blood into our European breeding programme.

As shown in the table, Mortlach had sound growth rates achieving 86.5 kg at weaning. The solid growth rates are backed by his W12eBV of 29.2

We continue to see excellent performance from this impressive European sire including the outstanding Jameson. Jan 2025/26 will see the last sons by natural mate available from Mortlach, though we will continue to strategically breed by AI. Deceased March 2023.

| AGE | YEAR | BODY WEIGHT (kg) | VELVET (kg) | GRADE |
|-----------|------------|------------------|-------------|-------|
