**STO 182/12 is a pure English sire purchased specifically for Wilkins Farming maternal venison and velvet programmes.**

Sired by the impressive and highly rated Bloomsbury this stag was bred by Stanfield. This stag is a twin from his dam 00/1413 who produced a 69 pointer and rising stars competition winner.

STO 182/12 has very wide, thick, correct velvet, combined with a very thick set body and short leg.

We are using STO 182/12 to breed his Woburn bloodline strategically in our breeding programmes and are very happy with the performance of his great natured progeny.
