WF 144/05

WF 144/05 is one of our stalwart sires, offering exceptional growth rates, yield and hardiness.

Sired by Maximilian, out of WF 34/03, one of our best dams for breeding efficiency.

Ranked No. 1 for our born 2005 progeny for loin and carcass indexes, WF 144/05 continues to deliver well on all key performance measures. As at October 2020, WF 144/05 had a current W12eBV of + 18.5, with a 99% accuracy from 756 recorded progeny.

WF 144/05 is an ideal multipurpose sire for breeding replacement hinds with strong maternal traits, as well as high growth rates for venison production. He has great conformation, and we are continually impressed with his constitution through, and after the roar.
