Bred by Wilkins Farming Co, Zala is one of our stand out 2018 born Eastern progeny.

Zala is an impressive stag sired by Hungarian import Balaton out of a Vladimir hind. Excellent all round performance with good growth rates. 54 kg wean, out to 171 kg at 15 months. Zala scanned a notable loin weight of 4.43 kg at ultrasound, seeing him rank at No 4 for this measurement out of the 2018 born animals scanned.

We are excited to see our new Hungarian blood within this impressive young sire Zala which will further enhance the base of our superior Eastern herd.
